let the learning continue."*

## Message from Principal

**Dear Parents and Students,**

Let this time of the year be significant in recreating family bonds, rejuvenating ourselves and creating memories that will last for long. Along side the family vacation, it is imperative to make the students invest their time in enhancing their skills and aptitude, the school has specially designed theme based practice sheets for each grade to enhance the critical thinking ability of the students. We are certain that each one of you will fetch the maximum benefits out of it. We hope that the time spent with near and dear ones would infuse revived energies. Eagerly waiting to see you all back on **12<sup>th</sup> January 2026**.

**Wish you all a very  
Happy Winter Time!**

**Dear Student**

Vacation is a time to pause, reflect, explore and grow. To support balanced development, **VSPK International School** will observe Winter Vacation from **1<sup>st</sup> January 2026 to 11<sup>th</sup> January 2026**. However, learning does not stop during holidays--it simply takes a new form. The Holiday practice sheet designed for you is an experiential learning journey, not a routine task. It encourages a learning continuum during vacation.

Through these activities, you will: Strengthen critical thinking and problem-solving skills, enhance creativity, communication and imagination, apply classroom concepts to real-life situations. You are encouraged to work independently, take ownership of learning and enjoy discovering new ideas at your own pace.

**Dear Parent**

As we step into a new year, this winter break provides an excellent opportunity to nurture competency-based learning, well-being and life skills at home.

We request your cooperation in encouraging your child to:

- ❖ Follow healthy self-care routines and hygiene practices
- ❖ Participate in physical activities and outdoor play for fitness and emotional well-being
- ❖ Choose nutritious, homemade food and understand healthy living habits
- ❖ Explore hobbies, reading, art, music, or innovation-based activities
- ❖ Identify and strengthen core skills such as reading fluency, writing expression, numeracy, communication and handwriting
- ❖ Revise key concepts to ensure continuity, retention and readiness for the next learning phase

This integrated approach supports learning outcomes, builds confidence and nurtures responsible, reflective and skilled learners.

**Submission Date: 15<sup>th</sup> January 2026**

**We wish our students a vacation filled with curiosity, creativity, joyful learning and family bonding.**
